### THE BOOKS

An immersive dystopian world filled with magic, murderous plots, and lots of lattes!

It's Special Agent Laila Eyvindr's duty to protect the people of Los Angeles from supernatural threats, but with Earth still recovering from a near apocalyptic event, it is more vulnerable to otherworldly threats than ever.

More than anything, Laila would love to have a night out that doesn't involve a crime scene, but the agents with the Inter-Realm Security Agency are understaffed and struggling to keep the peace. With tensions rising to a boil, how far is Laila willing to go to save her new home?

The Laila of Midgard series includes:

Caught by Demons  
Summoned by Demons  
Infiltrated by Demons

### THE AUTHOR

When she's not writing, Kathryn Blanche can be found teaching, reading, and planning her next international adventure to learn more about the myths and legends that inspire her. She also enjoys discussing fantasy books on social media as well as her YouTube channel.

Blanche's love of fantasy began when she read her first Harry Potter book at the age of six. Since then, her love of the genre has only grown. Inspired by this love of fantasy, life in Los Angeles, CA, and her experiences traveling the world, Blanche created the world of the Laila of Midgard series.

Blanche is available for interviews and signing events, and is currently planning a book tour for later this year. Please send your inquiries to [contact@kathrynblanche.com](mailto:contact@kathrynblanche.com).
